

Fuel surcharge:

Fuel costs are well known for their unpredictability. Aviation fuel, fuel for boats and electrical generation fuel are major expenses within the Thunderhook and Smoothrock operation.

Thunderhook Outpost and Smoothrock Camps reserve the right to assess a fuel surcharge for each visiting guest. If a fuel surcharge is to be assessed at any time the amount of the surcharge will be communicated to the lead guest of each visiting party at least 10 days prior to their departure from the Thunderhook base.

The base price for all fuels will be established on February 1st and is the retail price of all fuels at Thunder Bay, Ontario. The base price will be posted at the Thunderhook Base office.
